## Information Pertaining to Various Agenda Items:

D. School Improvement Plan Evaluation: Please bring your copy of your SIP. We will review the first goal which comprises the first four pages. Randy will bring some available data to help in our evaluation. Teachers, please be prepared to speak anecdotally about how our Teaching and Learning Group time and format has been beneficial with regard to rigor and relevance in the classroom.

E. SAT Prep Course: This was a suggestion brought up by either Blanche or Rebecca a couple of meetings ago. We only have ten minutes for this item, so we may have to use this time to get some ideas started but then bring it back next meeting.

F. Multicultural Components: Stephanie brought this suggestion as something that should be part of developing and approving new courses. We only have ten minutes for this item, so we may have to use this time to get some ideas started but then bring it back next meeting.

G. Naming Facilities after Specific People: This was brought up by Mark a couple of meetings ago.

H. Staffing and Budget: Randy will share what he can with regard to the staffing plan being developed and will listen to input that site council members provide.
