Information Pertaining to Various Agenda Items:

C. AVID: We need to officially vote on the continuation of AVID. The class has been successful, nearly every student in the current class has forecast to continue in the class next year, funds have been secured, and continued grant writing and fundraising is in the works. Anna Grace has been selected to be the new AVID elective teacher, and the AVID site team has approved of this choice.

D. Credit Recovery: Stephanie has had preliminary discussions with other staff and will report on their current thinking. This issue is still in the beginning stages.

E. SAT Prep Course: Tibor agreed to contact other schools to see what sort of SAT Prep courses they offer. He or Travis will report on his findings.

F. Multicultural Components: Stephanie will present draft language that we may wish to incorporate in our process and documentation for approving new courses.

G. Naming Facilities after Specific People: Randy will bring a proposal for this process.

H. School Improvement Plan Evaluation: Please bring your copy of your SIP. We will review the second goal which comprises pages 5 – 7. Randy will bring some available data and evidence to help in our evaluation.

I. Professional Development: Randy will initiate a brief preliminary discussion of what to focus on for PD next year, especially in light of the fact that our PD time has been significantly cut.
